

RANGE ACCESS NOTICE - NEW GATE

All Members:

Thank you for your patience regarding this year's renewal process as we have navigated the implementation of the new electronic gate. As of April 22nd, most of the membership cards and vehicle decals including the new gate keycard have been mailed out. The remainder of the renewals will be mailed out by Monday April 26th.

Anyone having an issue with their renewal has been notified by our Club Secretary, Alice M. If you need to contact Alice for any reason please Email her @ secretary@hwrgclub.org

The new gate operation to enter the Club will become effective on Saturday May 15th.

Until May 15th, you will continue to use the front gate key to unlock the chain across the road at the entry point to the Club grounds. Remember, the front gate on Chebacco Rd. is no longer being locked as contractors for the Town of Hamilton need access to the solar fields.

How to use the new gate key card: (see short video [here](#))

Gate Operating Instructions to Enter & Exit the Club:

2. "Pass" your card across the face of the keypad.
